## INDEPENDENT AUDITORS' REPORT

**TO THE MEMBERS OF  
KAJARIA BATHWARE PRIVATE LIMITED**

### Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **KAJARIA BATHWARE PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

### Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs, Loss, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

**O P BAGLA & CO LLP**  
CHARTERED ACCOUNTANTS

011-2643 6190

8/12, KALKAJI EXTENSION  
NEW DELHI-110 019

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31<sup>st</sup> March, 2018, and its Loss, its cash flows and the changes in equity for the year ended on that date.

### Report on Other Legal and Regulatory Requirements

1. As required by the 'Companies (Auditor's Report) Order, 2016', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), we give in the Annexure 'I' a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015 as amended.
- (e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) We are enclosing herewith a report in Annexure II for our opinion on adequacy of internal financial controls system in place and the operating effectiveness of such controls.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
- The Company does not have any pending litigations which would impact its financial position.
  - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - There has been no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**ANNEXURE- I TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

- i. a) As informed to us the company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.  
b) These fixed assets have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such verification.  
c) As informed to us and as verified by us during the course of our audit the title deeds of immovable properties are held in name of the company except Freehold Land for proposed expansion, in Andhra Pradesh, of which conveyance deed is yet to be executed in favour of the company, pending certain formalities.
- ii. As informed to us physical verification of inventory has been conducted at reasonable intervals by the management. As informed to us no material discrepancies were noticed on physical verification. The discrepancies noticed have been properly dealt with in the books of account.
- iii. As informed to us the company has granted unsecured loans to a company covered in the register maintained under section 189 of the Companies Act 2013. In respect of such loans we have been informed that:
  - a. the terms and conditions of the grant of such loans are not prejudicial to the company's interest.
  - b. the schedule of repayment of principal and payment of interest is not stipulated. Therefore, no comments are offered on whether the repayments or receipts are regular.
  - c. no amount is overdue as at the end of the year.
- iv. The company has not entered into any transactions in nature of loans/ investment/guarantee/security covered under section 185 and 186 of Companies Act 2013.
- v. According to the information and explanations given to us the company has not accepted any deposits, in terms of the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.
- vi. In respect of business activities of the company maintenance of cost records has not been specified by the Central Government under sub-section (l) of section 148 of the Companies Act read with rules framed thereunder.

- vii. a) The company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, goods and service tax, value added tax, cess and any other statutory dues with the appropriate authorities. There are no outstanding statutory dues as at the last day of the financial year under audit for a period of more than six months from the date they became payable.
- b) There are no dues of income tax or sales tax or service tax or duty of customs or duty of excise or goods and service tax or value added tax or cess which have not been deposited on account of any dispute.
- viii. In accordance with the information and explanations given to us we are of the opinion that the company has not defaulted in repayment of dues to a financial institution or bank or government or debenture holders.
- ix. The company has not raised any money during the year by way of initial public offer or further public offer (including debt instrument and term loan).
- x. As informed to us there has been no fraud by the company or on the company by its officers or employees noticed or reported during the year.
- xi. No managerial remuneration has been paid/provided during the year by the company.
- xii. The company is not a nidhi company and therefore clause 3(xii) of the Order related to such companies is not applicable to the company.
- xiii. According to the information and explanation given to us all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv. The company has not made preferential allotment/private placement of shares or fully or partly convertible debentures during the year under review.
- xv. As informed to us, during the year the company has not entered into any non-cash transactions with any of its directors or persons connected with the directors. Therefore, clause 3(xv) of the Order is not applicable.

**ANNEXURE- II TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

We have audited the internal financial controls over financial reporting of **KAJARIA BATHWARE PRIVATE LIMITED** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence /we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

NEW DELHI-110 019

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

#### 1. Corporate information

KAJARIA BATHWARE PRIVATE LIMITED ("KBPL" or "the Company") is a private limited company domiciled in India and was incorporated on 22<sup>nd</sup> May 2013. The Company is subsidiary company of Kajaria Ceramics Ltd. and has a subsidiary Kajaria Sanitaryware Private Limited. The registered office of the Company is located at J-1/B-1 Extension, Mohan Coop Ind Estate, Mathura Road, New Delhi.

The Company is engaged in manufacturing of Bathware fittings and it also trades in Sanitaryware items. The Company started its operations in the year 2015 with a manufacturing capacity of 10 lakhs pieces per annum of Bathware fittings at Gailpur (Rajasthan) and it also has trading division at Morbi (Gujarat).

The Company, through its subsidiary Kajaria Sanitaryware Private Limited, has also forayed into manufacturing sanitaryware items with a capacity of 5.40 lakhs pieces per annum at Morbi (Gujarat).

The financial statements of the Company for the year ended 31st March 2018 were authorized for issue in accordance with a resolution of the directors on 27 April, 2018.

#### 2. Significant accounting policies

##### 2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on a historical cost basis, except for the certain assets and liabilities which have been measured at different basis and such basis has been disclosed in relevant accounting policy.

The financial statements are presented in INR and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

##### 2.2 Significant accounting policies

###### a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset/liability is treated as current when it is:

- Expected to be realised or intended to be sold or consumed or settled in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised/settled within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

#### b. Property, plant and equipment

##### i) Tangible assets

Property, plant and equipment are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) upto the date of acquisition/ installation], net of accumulated depreciation.

When significant parts of property, plant and equipment (identified individually as component) are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Whenever major inspection/overhaul/repair is performed, its cost is recognized in the carrying amount of respective assets as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit and loss.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Property, plant and equipments are eliminated from financial statements, either on disposal or when retired from active use. Losses/gains arising in case retirement/disposals of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Depreciation on property, plant and equipments are provided to the extent of depreciable amount on the straight line (SLM) Method. Depreciation is provided at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013 except on some assets, where useful life has been taken based on external / internal technical evaluation as given below:

Particulars	Useful lives
Plant and Machinery	7.5 years

The residual values, useful lives and methods of depreciation/amortization of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

##### ii) Capital work in progress

Capital work in progress includes construction stores including material in transit/ equipment / services, etc. received at site for use in the projects.

All revenue expenses incurred during construction period, which are exclusively attributable to acquisition / construction of fixed assets, are capitalized at the time of commissioning of such assets.

#### c. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization.

Intangible assets with finite lives (i.e. software and licenses) are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and method for an intangible asset is reviewed at least at the end of each reporting period.

Costs relating to computer software are capitalised and amortised on straight line method over their estimated useful economic life of six years.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

#### d. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

#### e. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

#### f. Inventories

Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, trading and other products are determined on weighted average basis.

#### g. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue from operations includes sale of goods, services and excise duty, adjusted for discounts (net).

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

#### h. Foreign currency transactions

The Company's financial statements are presented in INR, which is also its functional currency.

Foreign currency transactions are initially recorded in functional currency using the exchange rates at the date the transaction.

At each balance sheet date, foreign currency monetary items are reported using the exchange rate prevailing at the year end.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

#### i. Taxes on income

##### Current tax

Current tax is measured at the amount expected to be paid/ recovered to/from the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity/other comprehensive income is recognised under the respective head and not in the statement of profit & loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets are offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

##### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Tax relating to items recognized directly in equity/other comprehensive income is recognized in respective head and not in the statement of profit & loss.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### j. Employee benefits

All employee benefits that are expected to be settled wholly within twelve months after the end of period in which the employee renders the related services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, etc. are recognized as expense during the period in which the employee renders related service.

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered the service entitling them to the contribution.

The Company's contribution to the Provident Fund is remitted to provident fund authorities and are based on a fixed percentage of the eligible employee's salary and debited to Statement of Profit and Loss.

#### k. Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

#### **l. Earnings per share**

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

#### **m. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

#### **n. Fair value measurement**

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

#### o. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

##### (a) Financial assets

###### Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

###### Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

###### Subsequent measurement

For purposes of subsequent measurement financial assets are classified in below categories:

- **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

###### Derecognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

###### Investment in subsidiaries, joint ventures and associates

The company has accounted for its investment in subsidiaries, joint ventures and associates at cost.

###### Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss on the financial assets that are trade receivables or contract revenue receivables and all lease receivables.

**(b) Financial liabilities**

**Classification**

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

**Initial recognition and measurement**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

**Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

• **Financial liabilities at amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

• **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

**Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

- p. Unless specifically stated to be otherwise, these policies are consistently followed.

**2.3 Significant accounting judgements, estimates and assumptions**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

#### Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

#### Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### (a) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

#### (b) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### (c) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements

## Accounting Policies under Ind AS

### Standalone financial statements of Kajaria Bathware Private Limited for the year ended 31-March-2018

include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### (d) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

## 2.4 Standards Issued but not yet Effective

### Ind - AS 115 "Revenue from Contract with Customers

Ind AS 115 was issued in February, 2015. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to the customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

This standard will come into force from accounting period commencing on or after 1<sup>st</sup> April, 2018. The company will adopt the new standard on the required effective date. The Company is in the process of making an assessment of the impact of Ind - AS 115 upon initial application, which is subject to changes arising from a more detailed ongoing analysis.

**d) Rights, preferences and restrictions attached to the equity shares**

The Company has only one class of equity shares having face value of Rs. 10/- per share. The holder of the equity shares is entitled to receive dividend as declared from time to time. The dividend proposed by the Board of Directors is subject to approval of the shareholders in ensuing annual general meeting. The holder of the share is entitled to voting rights proportionate to their shareholding. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive assets of the Company remaining after settlement of all liabilities. The distribution will be in proportion to the number of equity shares held by the share holders.

e) Kajaria Ceramics Limited is the holding company of the Company and shares held by such holding company are mentioned in as below. The Company has a subsidiary Kajaria Sanitaryware Private Limited.

**Notes to financial statement for the year ended 31 March 2018**

(Amount in Rupees lakh, unless otherwise stated)

**Note -27**  
**Earning per share**

Basic and Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

**Particulars**

	<b>31 March 2018</b>	<b>31 March 2017</b>
<b>Profit attributable to equity holders of the Company:</b>		
Continuing operations	(1123.31)	(1618.29)

**Note - 29**

Defined Contribution Plans - General Description

Retirement benefits in the form of provident fund, superannuation fund and national pension scheme are defined contribution schemes. The Company has no obligation, other than the contribution payable to the provident fund. The Company's contribution to the provident fund is Rs. 68.03 lacs (31 March 2017 : Rs.63.94 lacs)

Defined Benefit Plans - General Description

Gratuity:

The Company has a defined benefit gratuity plan. Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement / termination / resignation. The benefit vests on the employee completing 5 years of service. The Company makes provision of such gratuity asset/liability in the books of account on the basis of actuarial valuation as per the projected unit credit method.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the gratuity plan:

**Changes in the present value of the defined benefit obligation are, as follows:**

	31 March 2018	31 March 2017
Defined benefit obligation at the beginning of the year	10.58	-
Current service cost	12.79	10.58
Interest cost	0.79	-
Benefits paid	-	-
Actuarial (gain)/ loss on obligations - OCI	7.60	-
Defined benefit obligation at the end of the year	31.76	10.58

**Changes in the fair value of plan assets are, as follows:**

	31 March 2018	31 March 2017
Fair value of plan assets at the beginning of the year	-	-
Contribution by employer	-	-
Return on plan assets	-	-
Benefits paid	-	-
Expected Interest Income on plan assets	-	-
Actuarial gain/(loss) on plan asset	-	-
Fair value of plan assets at the end of the year	-	-

**Reconciliation of fair value of plan assets and defined benefit obligation:**

	31 March 2018	31 March 2017
Fair value of plan assets	-	-
Defined benefit obligation	31.76	10.58
<b>Amount recognised in the Balance Sheet</b>	<b>31.76</b>	<b>10.58</b>
Current	0.12	0.07
Non current	31.64	10.51

**Amount recognised in Statement of Profit and Loss:**

	31 March 2018	31 March 2017
Current service cost	12.79	10.58
Net interest expense	0.79	-
<b>Amount recognised in Statement of Profit and Loss</b>	<b>13.58</b>	<b>10.58</b>

**Amount recognised in Other Comprehensive Income:**

	31 March 2018	31 March 2017
Actuarial (gain)/loss - obligation	7.60	-
<b>Amount recognised in Other Comprehensive Income:</b>	<b>7.60</b>	<b>-</b>

**The principal assumptions used in determining gratuity liability for the Company's plans are shown below:**

	31 March 2018	31 March 2017
Discount rate	7.50%	7.50%
Future salary increases	5.00%	5.00%
Attrition Rate / Withdrawal Rate	20.00%	30.00%
Retirement age	58 years	60 years
Limit (Rs. In lakhs)	20.00	10.00

A quantitative sensitivity analysis for significant assumption as at 31 March 2018 is as shown below:

Gratuity Plan Assumptions	Sensitivity level		Impact on DBO	
	31 March 2018	31 March 2017	31 March 2018	31 March 2017
Discount rate	1%	1%	(1.25)	(0.32)
	-1%	-1%	1.36	0.32
Future salary increases	1%	1%	1.38	0.32
	-1%	-1%	(1.29)	(0.31)
Withdrawal rate	1%	1%	(0.76)	(0.45)
	-1%	-1%	0.76	0.45

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Sensitivities due to mortality and withdrawals are insignificant and hence ignored. Sensitivities as to rate of inflation, rate of increase of pensions in payments, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

The following payments are expected contributions to the defined benefit plan in future years:

	31 March 2018	31 March 2017
Within next 12 months (next annual reporting period)	0.23	-
Between 1 and 5 years	36.29	23.64
Beyond 5 years	22.54	12.28
<b>Total expected payments</b>	<b>59.05</b>	<b>35.92</b>

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 21 (31 March 2017: 24 years).

Terms and conditions of transactions with related parties

The transaction to and from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured. There have been no guarantees provided or received for any related party receivables or payables. Term loans, Buyers Credit Facilities are guaranteed by holding company, Kajaria Ceramics Ltd. For the year ended 31 March 2018, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (31 March 2017: INR Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

**33. Financial risk management objectives and policies**

The Company's principal financial liabilities, other than derivatives, comprise borrowings, trade and other payables, security deposits and others. The Company's principal financial assets include trade and other receivables, loans and cash and short-term deposits and loans.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's senior management is reviewing financial risks and the appropriate financial risk governance framework. The Company's management ensure that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each of these risks, which are summarised below.

**I. Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include , deposits.

The sensitivity analyses of the above mentioned risk in the following sections relate to the position as at 31 March 2018 and 31 March 2019.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations. The analysis for contingent liabilities is provided in Note 37.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. However the risk is very low due to negligible borrowings by the Company.

	Increase/decrease in basis points	Effect on loss before tax
		INR In lacs
<b>31-Mar-18</b>		
INR	+50	34.93
INR	-50	(34.93)
<b>31-Mar-17</b>		
INR	+50	16.00
INR	-50	(16.00)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

B. Foreign currency sensitivity

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in exchange rates. Foreign currency risk sensitivity is the impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rates, with all other variables held constant.

	Change in USD rate	Effect on loss before tax
		INR in Lacs
<b>31-Mar-18</b>	+5%	(38.05)
	-5%	38.05
<b>31-Mar-17</b>	+5%	(6.69)
	-5%	6.69

	Change in EURO rate	Effect on loss before tax INR in Lacs
31-Mar-18	+5%	(8.67)
	-5%	8.67
31-Mar-17	+5%	(4.53)
	-5%	4.53

The movement in the pre-tax effect on profit and loss is a result of a change in the fair value of derivative financial instruments not designated in a hedge relationship and monetary assets and liabilities denominated in INR, where the functional currency of the entity is a currency other than INR.

## II. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Credit risk from investments with banks and other financial institutions is managed by the Treasury functions in accordance with the management policies. Investments of surplus funds are only made with approved counterparties who meet the appropriate rating and/or other criteria, and are only made within approved limits. The management continually re-assess the Company's policy and update as required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty failure.

### A. Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit review and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

At the year end the Company does not have any significant concentrations of bad debt risk.

An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 33. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

### B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

## III. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	(Rs. In Lacs) Total
<b>Year ended</b>						
<b>31-Mar-18</b>						
Borrowings	523.96	500.38	316.88	9,500.00	-	10,841.22
Trade payables	-	894.38	-	-	-	894.38
Other financial liabilities *	213.37	745.62	451.54	-	-	1,410.53
	<b>737.33</b>	<b>2,140.39</b>	<b>768.41</b>	<b>9,500.00</b>	-	<b>13,146.13</b>
<b>Year ended</b>						
<b>31-Mar-17</b>						
Borrowings	223.25	256.34	45.72	7,818.36	-	8,343.67
Trade payables	-	328.48	-	-	-	328.48
Other financial liabilities *	304.53	281.75	450.13	-	-	1,036.41
	<b>527.78</b>	<b>866.57</b>	<b>495.85</b>	<b>7,818.36</b>	-	<b>9,708.55</b>

\* In absolute terms i.e. undiscounted and including current maturity portion

## IV. Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

The Company's marketing facilities are situated in different geographies. Similarly the distribution network is spread PAN India.

**Kajaria Bathware Private Limited**  
**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018**  
**(Amount in Rupees Lakh, unless otherwise stated)**

**Note: 34**  
**Capital Management**

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work programme requirements. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate.

No changes were made in the objectives, policies or processes during the year ended 31 March 2018.

	<b>At 31 March 2018</b>	<b>At 31 March 2017</b>
Borrowings	11,441.22	8,943.67
<b>Net debts A</b>	<b>11,441.22</b>	<b>8,943.67</b>
<b>Total Equity B</b>	<b>619.83</b>	<b>1,750.73</b>
<b>Gearing ratio (A/B)</b>	<b>18.46</b>	<b>5.11</b>

**Notes to financial statement for the year ended 31 March 2018**  
**(Amount in Rupees lacs, unless otherwise stated)**

**35. Leases**

**Operating lease commitments - Company as lessee**

The Company has taken various commercial premises under operating leases. These leases have varying terms, escalation clauses and renewal rights. On renewal the terms of the leases are re-negotiated. Rent amounting to ₹86.78 lakhs (31 March 2017: ₹ 23.79 lakhs) has been debited to the Statement of Profit and Loss during the year. The future minimum lease payments are as follows:

	<u>31 March 2018</u>	<u>31 March 2017</u>
Not later than one year	56.56	-
Later than one year but not later than five years	65.82	-
Later than five years	-	-

## KAJARIA BATHWARE PRIVATE LIMITED

### OTHER NOTES ON ACCOUNTS

**36 Deferred Tax Asset/Liability**

Deferred Tax arises because of difference in treatment between financial accounting and tax accounting, known as "Timing Differences". The tax effect of these timing differences is recorded as "Deferred Tax Assets" (generally items that can be used as a tax deduction or credit in future periods) and "Deferred Tax Liabilities" (generally items for which the company has received a tax deduction but has not recorded in the statement of income).

The deferred tax asset arising during the year has been set off to the extent of deferred tax liability and resulting Net Deferred Tax Asset has not been recognized in term of prudence norms and conservative view with regard to certainty of virtual profitability in future years.

37. In the opinion of Directors the value of realisation of current assets, loans & advances in the ordinary course of business will not be less than the amount at which they are stated in the balance sheet.

38. Movement in Provisions during the year:

Particulars	Un-availed leave	Gratuity
Balance as on 01.04.2016	14.77	-
Provided During the year 2016-17	27.66	10.58
